**Editor's Comments**

Hello all. At Will Rudd Davidson we love challenging **STRUCTURAL ENGINEERING** projects! Be it hotels, retail, offices, conservation engineering or complex city centre gap sites. We are proud to be contributing with the conservation of our Capital City's heritage and helping with shaping its future, through engineering. In this edition we showcase some of our work... In The City. Also in recent completions we highlight just a few of our projects that have been handed over. We also note some of our other completions as well as new commissions.

Reality Bites...

Social Bite Sleep Out -6 degrees!

L to R – Gus Roxburgh, Stuart Fleming, Alan Lamb, Chris Milne

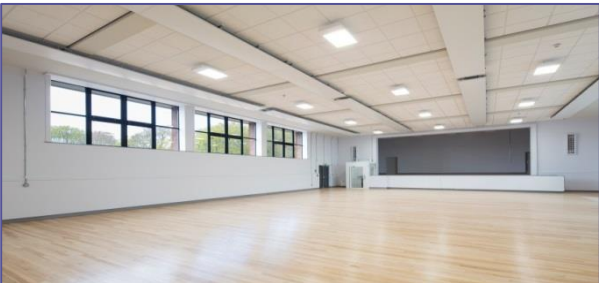

Edinburgh Managing Director, Gus Roxburgh, along with Chris Milne, Stuart Fleming and Alan Lamb, braved the extremes to sleep out in Princes Street Gardens for this great charity!

Duns Primary School

This B Listed Building was derelict and on the Buildings at Risk Register.

We are extremely proud to have played our part in breathing new life into this building for future generations!

Rolls Royce, Edinburgh – Engineering Excellence!

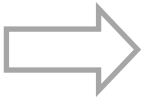

We are delighted to have delivered the structural designs for the new Edinburgh Showroom of this most iconic car brand!
